

STAR ECO STATION'S
CHILDREN'S EARTH DAY 2011
SUNDAY APRIL 10th 2011 10AM-4PM

The STAR Eco Station is celebrating its 11th annual **Children's Earth Day** on Sunday April 10th from 10AM-4PM! The STAR Eco Station, a 501 (c)(3) charitable non-profit environmental science museum and exotic wildlife rescue center, is excited to invite you to participate in our yearly celebration of the planet we call home. Our 2010 celebration was our most well-attended and successful event to date, with close to 40,000 children and their families all coming together to enjoy booths with innovative ways to go green, food, games, live performances, and celebrity appearances.

Each year, participation and attendance grows, and for 2011, we anticipate that even more families will join us, as word of our unique and entertaining event quickly spreads. This is an excellent opportunity for exposure to thousands of new faces, all of whom are looking for ways to help our environment!

We invite vendors to support the cause by paying for the cost of a booth space plus 10% of the sales that are made for the day. All of the proceeds from the event will go towards the feeding and care of the hundreds of rescued exotic animals housed at the STAR Eco Station. The birds, reptiles, fish and wild cats will all thank you!

We encourage you to apply quickly, as booth spaces fill-up fast! Early registrants are able to save in registration costs and be included in a variety of advertisements; including blogs, social networks, and print. Here is how to apply:

- 1) Please fill out the attached application form.
- 2) FAX the completed form and payment information to (310) 842-8245
or
MAIL to STAR Eco Station, 10101 Jefferson Blvd, Culver City, CA, 90232.
- 3) If you have any further questions, please contact:

Katiana Bozzi
Co-Founder/Educational Outreach Director
Office (310) 842-8060
Cell (310) 678-9633
